Technology Division - Web Development**

**ISSUE REGISTER
DRAFT**

Project Name: Rhode Island Diploma System; Local Assessment Toolkits

Project Team: Program: J. DiMartino, S. Gracia, C. Berkowitz

Web: E. Gurney, M. Handler, K. Kreutler

Launch Date: November 1, 2005

Item #	Task	Responsible	Deliverable	Recipient(s)	Plan Date	Actual Date	Notes
9	Printing pages	Web Team	Decision on how to organize printing, i.e., sections, page, actions, steps, torels	Project team			
11	Centering pages	MJH	Page coded to have page centered in all browsers, esp Mac IE5	Web Team			see MJH's test page (Not work in IE6)
13	"Action Level" Menus and sub-navigation	Web Team	Solution to location and 'association' issues with navigation links to an action's description, tools, models, etc....	Project team			see EG's p_act_tool.gif
15	Multiple documents for a tool	Content team	Answer regarding presenting multiple docs as a tool. Should we present docs as separate tools that share same explanation? (see Exhibition 7.2.6)	Web Team			Check w A. Castaneda
17	Placement of RISC Resource Guide	Content team	Approval of solutions(s) to placement of links to the document. Describe relationship to Common Task list	Web Team			link from home page to sec page with explanation
23	System section purpose	Web team	Statement to confirm understanding of purpose of the System section of the site with design implications	Content team			draft a statement only if necessary
24	System section design	Web team	Page mock up of System section and sub pages	Content team			7/26 - still awaiting content
25	Tools/models/examples	Web team	Statement of distinction between tools, models and examples (or not) with design implications	Content team			see EG's and KK's categorization
26	Vignettes/examples	Web team	Decision re optimal placement of vignettes and examples (i.e., step or action level)	Content team			7/26 - awaiting vignettes
28	Inventory Page shells	E. Gurney	List of all page types and shells and elements	Web team			see EG's white board and specs
29	Content/File management	K. Kreutler	Outline of file directory structure and file name convention	Web team			see KK's doc - revised 6/30
30	File checkin/out	Web team	Protocol for file check in/out/ system with versioning approval	Web team			
31	Host server specs questions	Web team	List of questions re host server specs, i.e., domain name, ssi, etc,	RIDE			
34	Target browser level	Web team	Definitions of target browser level for site	Web team			
32	Host server specs	RIDE	Answers to host server spec questions re requirements	Web team			
33	Web site file structure	K. Kreutler	Site directory and sub directories on staging server (upon approval of file directory structure and host server reqs)	Web team			
34	Visual specs	E. Gurney	List and definitions of specs for visual design elements	Web team			see EG's page
35	PDF and Word specs	Web team	Statement of specs for properties, versions, fonts, look, label, footer of PDFs and Word docs to be downloaded	Content team		7/19/05	sent Style Guide to Andrea C 7/19
36	Functions/Behavior properties	Web team	Definitions of requirements and specs for printing, interactive elements, state/identity labels, annotations, explanations, list sorting, search glossary, etc.	Web team			
43	Review Prototype	Content team	List of decision makers who will review and approve prototype	Web Team			
44	Exhibition Only Decision	Content team	Decision re initial building of only the Exhibition Toolkit for August workshop	Web team			Web team recommend that we not present toolkits separately
45	URL for Web site	Web team	Come up with domain name(s) for Web site	Project team			
46	Image purchase	Web team	Purchase images for Web site graphics
